WEEKLY NEWSLETTER– 21st January 2022

Message from the Head

It has been wonderful to hear and witness all of the lovely, creative learning going on in school and across our Federation over the past two weeks. Children and staff seem really focused and I have noticed a real buzz about the environment we are working within.

Teachers will continue to meet with Mr Routh over the next few weeks to support the roll out of our new curriculum. We begin with a focus on all foundation subjects, including History and Geography. This curriculum will build on prior learning of mixed age classes and support children's knowledge and understanding of key topics and concepts. We also understand the importance of reducing staff workload and hope this curriculum will allow staff to plan more effectively for the needs of all children in their class.

Unfortunately, staff absences have been increasing in our schools due to Covid. We have ensured that the children come first, and have worked extremely hard to ensure consistency for children where possible. Thank you for your patience and for continuing to support our small but incredibly dedicated staffing team.

Have a wonderful weekend with your families,

Miss Holly Whyte

SUPPORTING YOUR CHILD

WITH YEAR 6 MATHS SATS

This Week

The children had a super surprise this week, and enjoyed an afternoon out in the fresh air at our whole school Forest Schools session. This was a really lovely way to start the week and the children all thoroughly enjoyed themselves showing some incredible team spirit and helping one another along the way. Thank you to our staff for organising this event at short notice.

Well done to all the children for working so hard both in school and at home this week, we are very proud of you all.
